INDEX TO VOLUME 42
Part I: Author Index

Bauer, Richard G.
High kilovoltage chest radiography with an air gap, 10
Cahoon, John B.
New horizons in technical and educational systems of radiologic technology, 83
Cherico, Vincent V.
Basic concepts of a rectilinear scanner, 91
Christianson, Gene A.
Survey results of use of x rays in healing arts specialties in North Dakota, 1964–1968, 161
Coyle, Robert L.
Graduate courses, 354
Instructional objectives, 179
Projects of interest, 273
Report of conference on college-affiliated educational programs in radiologic technology, 423
Symposia, 354
Crabtree, C. Larry
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Curcio, Barbara M.
Infrared thermography: review of current medical application instrumentation and technique, 233
Technique for radiographic localization of non-palpable breast tumors, 155
Dahl, Arve H.
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Donnelly, Warren H.
Bushwacking, licensure and senator Bartlett, 248
Franji, Samir
Split film technique using automatic film changer, 80
Frankel, Robert
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Green, James F.
Comparison of two-antibody and charcoal radioassays for human plasma insulin, 387
Gurley, LaVerne Tolley
Criteria for evaluation of inservice education program, 327
Haberman, Jo Ann D.
Infrared thermography: review of current medical application instrumentation and technique, 233
Harle, Thomas S.
New opportunities for radiologic technologists: physician's assistant in radiology, 8
Hendee, William R.
Changing patterns in training of radiologic technologists: case report, 392
Holcomb, Mack H.
Introduction to electron beam therapy, 138
Horner, Raymond W.
Angled bilateral cervical arteriography in investigation of ischemia, 125
Kraeger, James A.
Survey results of use of x rays in healing arts specialties in North Dakota, 1964–1968, 161
Lange, Walter H.
Iso-topics, 52, 54, 114, 182, 184, 265, 454
Lester, Richard G.
New opportunities for radiologic technologists: physician's assistant in radiology, 8
Lockery, Robert M.
Principles of body-section radiography, 335
Logsdon, Donald F.
Comparison of two-antibody and charcoal radioassays for human plasma insulin, 387
McGowan, Roland C.
Registry news, 55, 122, 230, 303, 385, 461
McMahon, John C.
Technical notes, 98, 269, 346, 417
Mead, George G.
Washington dateline, 34, 103, 181, 277, 352, 419
Morrissey, Marie E.
Anatomy and physiology (Warrick), *rev.*, 375
Moss, C. Eugene, Jr.
Modifications upon existing x-ray machine simulator, 15
Norton, Philip B.
Modifications upon existing x-ray machine simulator, 15
Osborn, Royce R.
President's address, 185
Parker, Harry J.
Change and advancement for radiologic technologists: importance of being earnest, 133
Pearce, Clyde E.
Radiation safety, 183, 275, 420
Thermoluminescence: better way to monitor radiation exposure, 259
Perry, Thomas M.
Positioning of infants and children for brain scans, 17
Phillips, Robert I.
Curriculum planning and instrumentation in education, 307
Racioppe, Louis A.
New look at administrative assistant for department of radiology, 76

XUM

Rauliuk, William J.
Choice we face in changing world (editorial), 101
Ryan, G. D.
Teaching aid: practical method of demonstrating intensifying screen response, 325
Shea, Frank J.
Development and operation of angiographic injector, 23
Singer, Barbara
Aesthetic method in radiographic exposure, 411
Sterling, Seymour
Some radiological considerations in sialography, 57
Swope, M. Elaine
Affiliation news, 48, 120, 294, 452
Thiel, A. John
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Thompson, Thomas T.
New opportunities for radiologic technologists: physician's assistant in radiology, 8
Voorhis, Mary H.
Scanners and cameras in nuclear medicine, 72
Widger, Jean I.
Career opportunities (ed. Kinsinger), *rev.*, 300
Future tense (editorial), 349
Labor, learning and professionalism (editorial), 426
New headings idea of reader (editorial), 102
Roentgen: light that flickered (editorial), 177
Wilson, Leslie
President's message, 175
Winkler, Norlin T.
Elementary anatomy and physiology (Wax), *rev.*, 375
Formulating x-ray techniques (Cahoon), *rev.*, 375

Part II: Permuted Title Index

This is a modified permuted title index in which the key words of the title are indexed. Therefore, an article may appear under more than one key word. An abstract is identified by *ab.*, a book review by *rev.* Names listed in the title index are those which appear as parts of titles, or are names of individuals who have biographic reference. The page reference immediately follows the title.

Academy
Health inservice education academy formed, 279
Addiction
Radiographically detectable problems and drug addiction, 271
Addition
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16. mm. cine studies of vascular systems, 1
Adenoids
Absent adenoids, 347
Administrator
Joint review committee selects Mary E. Hughes as administrator, 113
Advancement
Change and advancement for radiologic technologist: importance of being earnest, 133
Affiliate
Responsibilities of affiliate news reporters, 120
Affiliation
Affiliation news, 43, 120, 294, 452
Report of affiliation committee, 195
Air
High kilovoltage chest radiography with an air gap, 10
Allied health
Invitational manpower conference on allied health professions assistants, 94
AMA
AMA approval of nuclear medicine technology schools, 217
Anatomy
Anatomy and physiology (Warrick), *rev.*, 375
Elementary anatomy and physiology (Wax), *rev.*, 375
Anniversary
Arthur Morgan celebrates fifty-ninth anniversary with Hahnemann, 214
Antibody
Comparison of two-antibody and charcoal radioassays for human plasma insulin, 387
Application
Application forms, 55
New x-ray application form, 385
Arteriography
Angled bilateral cervical arteriography in investigation of ischemia, 125
ASRT
ASRT appoints DiLella to registry board, 122
Assistant
Invitational manpower conference on allied health professions assistants, 94
New look at administrative assistant for department of radiology, 76
New opportunities for radiologic technologists: physician's assistant in radiology, 8
Award
Special award to first R.T., 230
Back
Low back pain, 100
Bartlett
Bushwacking, licensure and senator Bartlett, 248
Bill
Senate bill 3973, 104
Board
Abstract of board minutes, 1970, 220
ASRT appoints DiLella to registry board, 122
Denny appointed registry trustee by ASRT board of directors, 437
Denny appointed to registry board, 461
Legislative representative reports to board, 108
Partial board meets in informal sessions, 360
Report of board of directors, 204
Body-section
Principles of body-section radiography, 335
Bone
Bone infections, 98
Book
Books received, 53, 301, 376
Book review, 53, 300, 375
Bookshelf
Editor's bookshelf, 53, 300, 375
Brain
Positioning of infants and children for brain scans, 17
Breast
Breast cancer detection device subject of international telecast, 42
Technique for radiographic localization of nonpalpable breast tumors, 155
Budget
Budget, 208
Bushwacking
Bushwacking, licensure and senator Bartlett, 248
Bylaws
Report of resolutions and bylaws committee 201
Cameras
Scanners and cameras in nuclear medicine, 72

XUM

Cancer
Breast cancer detection device subject of international telecast, 42
Candidates
Most new candidates in Pennsylvania, 230
Officer candidates, 367
Cardiac
Cardiac herniation, 98
Career
Career opportunities (ed. Kinsinger), *rev.*, 300
Report of public relations and careers committee, 199
Carnegie
Carnegie commission urges junior college expansion, 107
Cathode
Cold cathode gas tubes for education, 100
Certificate
Certificate replacement cost up, 55
Chairmen
Annual meeting committee chairmen chosen, 284
Changer
Split film technique using automatic film changer, 80
Chest
High kilovoltage chest radiography with an air gap 10
Children
Positioning of infants and children for brain scans, 17
Choice
Choice we face in changing world, 101
Cine
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Civilian
Military medics to be recruited for civilian health fields, 41
CLEP
Clips from CLEP, 121
Clinical
Three dimensional film equipment in clinical evaluation stage, 42
College
Carnegie commission urges junior college expansion, 107
College transcripts required, 122
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Report of conference on college-affiliated educational programs in radiologic technology, 423
Commission
Carnegie commission urges junior college expansion, 107
Committee
Annual meeting committee chairmen chosen, 284
Joint review committee selects Mary E. Hughes as administrator, 113
Report of affiliation committee, 195
Report of education committee, 203
Report of fellow committee, 195
Report of joint review committee on education in radiologic technology, 202
Report of membership committee, 196
Report of nominating committee, 198
Report of publication committee, 199
Report of public relations and careers committee, 199
Report of radiation safety committee, 201
Report of resolutions and bylaws committee, 201
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Technologists on ANSI committee N44, 110
Competition
Rules and regulations for essay competition, 109
Technologists win tough exhibit competition, 214
Conference
Invitational manpower conference on allied health professions assistants, 94
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Report of conference on college-affiliated educational programs in radiologic technology, 423
Consultants
Consultants aid in preparation of registry examinations, 461
Course
Graduate course faculty, 433
Graduate course program taking shape for 1971, 214
Graduate courses, 354
Graduate courses—two innovations, 280
Nuclear medicine institute continues courses, 366
Postgraduate course in diagnostic ultrasound, 430
Coyle
Pflasterer replaces Coyle as region IV director, 223
Robert L. Coyle appointed director of education, 108
Curriculum
Curriculum planning and instrumentation in education, 307
Examinations in all categories based on curriculums, 303
Dateline
Washington dateline, 34, 103, 181, 277, 352, 419
Dates
Dates to remember, 56, 124, 232, 305, 374, 462
Denny
Denny appointed registry trustee by ASRT board of directors, 437
Denny appointed to registry board, 461

Denver
Denver site of institute, 40
Department
S. S. Hope: x-ray department serves needs of needy, 430
DiLella
ASRT appoints DiLella to registry board, 122
Director
Denny appointed registry trustee by ASRT board of directors, 437
Five regions to elect directors, 284
Report of board of directors, 204
Director nominees selected for five regions, 360
Pflasterer replaces Coyle as region IV director, 223
Robert L. Coyle appointed director of education, 108
Directory
Directory of registered technologists, 55
District of Columbia
District of Columbia society, 120
Drouillard
Drouillard reappointed, 55
Drug
Radiographically detectable problems and drug addiction, 271
Dues
Early dues payment maintains service, 427
DuPont
New recruitment poster sponsored by DuPont, 41
Editor
Editor's bookshelf, 53, 300
Report of editor, 200
Editorial
Editorial, 101, 177, 349, 426
Education
Cold cathode gas tubes for education, 100
Continuing education program of registry, 279
Criteria for evaluation of inservice education program, 327
Curriculum planning and instrumentation in education, 307
Education, 33, 179, 273, 354, 423
Health inservice education academy formed, 279
New horizons in technical and educational systems of radiologic technology, 83
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Radiation safety education, 420
Report of conference on college-affiliated educational programs in radiologic technology, 423
Report of education committee, 203
Report of joint review committee on education in radiologic technology, 202
Robert L. Coyle appointed director of education, 108
Electron
Introduction to electron beam therapy, 138
Equipment
Equipment operators radiation hazard in federal prisons, 183
Equipment standards being set, 275
Three-dimensional film equipment in clinical evaluation stage, 42
Equivalency
High school equivalency for foreign students, 122
Essay
Rules and regulations for essay competition, 109
Examination
Consultants aid in preparation of registry examinations, 461
Examination only one part of certification requirements, 55
Examinations in all categories based on curriculums, 303
First registry examination discovered, 218
November examinations set record, 303
November examination summary, 385
Nuclear medicine and therapy examinations to be semi-annual, 461
Re-examination procedure changes January 1, 1973, 461
Results of examination, 231
Exhibit
Exhibit rules and regulations, 111
RSNA exhibits indicate future trends, 363
Technologists win tough exhibit competition, 214
Exposure
Aesthetic method in radiographic exposure, 411
National public health survey on radiation exposure, 42
Thermoluminescence; better way to monitor radiation exposure, 259
Facilities
X-ray facilities and personnel in North Dakota surveyed by HEW, 40
Faculty
Graduate course faculty, 433
Fees
Registration and lecture fees increased, 351
Fellow
Report of fellow committee, 195
Film
Automatic processing of medical x-ray film, 271
Photographic substraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Radiation safety film available, 183
Recovering lost films, 271
Split film technique using automatic film changer, 80
Three-dimensional film equipment in clinical evaluation stage, 42
Florida
Florida society, 294

XUM

Future
Future tense (editorial), 349
RSNA exhibits indicate future trends, 363
Gallery
Kodak gallery opens in New York, 38
Gamma
Gamma pictures, 348
Gap
High kilovoltage chest radiography with an air gap, 10
Hahnemann
Arthur Morgan celebrates fifty-ninth anniversary with Hahnemann, 214
Health
Health inservice education academy formed, 279
Military medics to be recruited for civilian health fields, 41
National public health survey on radiation exposure, 42
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Helper
Technologist's helper?, 269
Herniation
Cardiac herniation, 98
HEW
X-ray facilities and personnel in North Dakota surveyed by HEW, 40
High school
High school equivalency for foreign students, 122
Historian
Report of historian, 196
Holography
Acoustical holography in medicine, 272
Hope
S. S. Hope: x-ray department serves needs of needy, 430
Hughes
Joint review committee selects Mary E. Hughes as administrator, 113
Immobilization
New concept in temporary immobilization, 269
Incidents
Radiation incidents registry established, 40
Infants
Positioning of infants and children for brain scans, 17
Infections
Bone infections, 98
Inhalation
Inhalation therapists question value of licensure, 41
Injector
Development and operation of the angiographic injector, 23
Inservice
Criteria for evaluation of inservice education program, 327
Health inservice education academy formed, 279
Institute
Dayton hosts institute for radiologic technologists, 437
Denver site of institute, 40
Nuclear medicine institute continues courses, 366
Instruction
Instructional objectives, 179
Instructional technology: a study, 274
Instrumentation
Curriculum planning and instrumentation in education, 307
Infrared thermography: review of current medical application instrumentation and technique, 233
Insulin
Comparison of two-antibody and charcoal radioassays for human plasma insulin, 387
Iowa
Iowa society, 294
Ischemia
Angled bilateral cervical arteriography in investigation of ischemia, 125
Isotopics
Isotopics, 52, 54, 114, 182, 184, 265, 454
Jerman
Jerman memorial lecture, 307
Journal
Back issues of journal available, 281
Few journal facts, 350
Kentucky
Kentucky society seminar, 296
Kilovoltage
High kilovoltage chest radiography with an air gap, 10
Kodak
Kodak gallery opens in New York, 38
Koenig
Wilson wins president post; Koenig president-elect, 38
Labor
Labor, learning and professionalism (editorial), 426
Statement of Richard A Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Lange
Technologist Lange elected registry president, 122
Learning
Labor, learning and professionalism (editorial), 426
Lecture
Jerman memorial lecture, 307
Registration and lecture fees increased, 351
Licensure
Bushwacking, licensure and senator Bartlett, 248
Inhalation therapists question value of licensure, 41

Localization
Technique for radiographic localization of nonpalpable breast tumors, 155
Louisiana
Louisiana society, 48
Machine
Modifications upon existing x-ray machine simulator, 15
Maine
Maine society, 49
Management
Wisconsin society presents basic management seminar, 215
Manpower
Invitational manpower conference on allied health professions assistants, 94
Medicine
Acoustical holography in medicine, 272
AMA approval of nuclear medicine technology schools, 217
Nuclear medicine and therapy examinations to be semi-annual, 461
Nuclear medicine institute continues courses, 366
Nuclear medicine makes the scene in Miami, 112
Scanners and cameras in nuclear medicine, 72
Special programs in nuclear medicine at annual meeting, 360
Where nuclear medicine technologists come from, 304
Medics
Military medics to be recruited for civilian health fields, 41
Meeting
All meeting plans go, 428
Annual meeting committee chairmen chosen, 284
Preliminary program of forty-third annual meeting of American society of radiologic technologists, 441
Proceedings of forty-second annual meeting, 185
Report of site for 1973 annual meeting, 197
Special programs in nuclear medicine at annual meeting, 360
Membership
Membership rolls increase in November by 133, 377
Membership roll swells in latest count, 455
Report of membership committee, 196
Memoriam
In memoriam, 378, 459
Merrigan
Sister M. Beatrice Merrigan honored, 303
Michigan
Michigan society, 452
Military
Military medics to be recruited for for civilian health fields, 41
Military training must be documented, 385
Minutes
Abstract of board minutes, 1970, 220
Morgan
Arthur Morgan celebrates fifty-ninth anniversary with Hahnemann, 214
NCRP
NCRP recommends radiation standards for veterinary use, 183
NEMA
Looking for status? try for NEMA, 215
NEMA standard limits, 99
Nevada
Nevada society, 295
New Hampshire
New Hampshire society, 120
New Orleans
Invitation to New Orleans, 284
Learn and relax in old New Orleans, 431
New Orleans—city you'll never forget, 283
News
Affiliation news, 43, 120, 294, 452
General news, 38, 108, 214, 279, 360, 428
Registry news, 55, 122, 230, 303, 385, 461
Responsibilities of affiliate news reporters, 120
New York
Kodak gallery opens in New York, 38
Nominations
Nominations sought for ASRT officers, 279
North Carolina
North Carolina society, 49
North Dakota
Survey results of use of x rays in healing arts specialties in North Dakota, 1964–1968, 161
X-ray facilities and personnel in North Dakota surveyed by HEW, 40
Nuclear
AMA approval of nuclear medicine technology schools, 217
Nuclear medicine and therapy examinations to be semi-annual, 461
Nuclear medicine institute continues courses, 366
Nuclear medicine makes the scene in Miami, 112
Scanners and cameras in nuclear medicine, 72
Special programs in nuclear medicine at annual meeting, 360
Nuclear
Where nuclear medicine technologists come from, 304
Objectives
Instructional objectives, 179
Office
Registry's new office, 55
Officer
Nominations sought for ASRT officers, 279
Officer candiates, 367
Ohio
Ohio society, 50
Olden
Statement of Richard A. Olden before the subcom-

Exhibit rules and regulations, 111
Rules and regulations for essay competition, 109
Safety
Radiation safety, 183, 275, 420
Radiation safety education, 420
Radiation safety film available, 183
Report of radiation safety committee, 201
Scanner
Basic concepts of a rectilinear scanner, 91
Scanners and cameras in nuclear medicine, 72
Scans
Positioning of infants and children for brain scans, 17
Schools
AMA approval of nuclear medicine technology schools, 217

Screen
Teaching aid: practical method of demonstrating intensifying screen response, 325
Secretary-treasurer
Report of secretary-treasurer, 201
Seminar
Kentucky society seminar, 294
Seminar
Oregon State offers additional seminars, 432
Student seminar in Virginia, 454
Wisconsin society presents basis management seminar, 215
X-ray seminars at Oregon State University, 281
Senate
Senate bill 3973, 104
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Sesamoids
Wandering sesamoids, 346
Sialography
Some radiological considerations in sialography, 57
Simulator
Modifications upon existing x-ray machine simulator, 15
Slides
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Societies
Official roster of affiliate societies, 43, 115, 225, 289, 380, 447
Society
Audited financial statement American society of radiologic technologists fiscal year, 1969–1970, 356
Society
District of Columbia society, 120
Florida society, 294
Iowa society, 294
Kentucky society seminar, 296
Louisiana society, 48
Maine society, 49
Michigan society, 452
Nevada society, 295
New Hampshire society, 120
North Carolina society, 49
Ohio society, 50
Oregon society, 298
Position of American society of radiologic technologists on standards of training and regulation, 213
Preliminary program of forty-third annual meeting of American society of radiologic technologists, 441
South Dakota society, 50
Tennessee society, 452
West Virginia society, 52
Wisconsin society presents basic management seminar, 215
Socioeconomics
Problems in socioeconomics for radiologic technologists: panel discussion, 144
South Dakota
South Dakota society, 50
Standards
Equipment standards being set, 275
NCRP recommends radiation standards for veterinary use, 183
Position of American society of radiologic technologists on standards to training and regluation, 213
Statement
Audited financial statement American society of radiologic technologists fiscal year, 1969–1970, 356
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Stomach
Gas-producing pill for stomachs, 417
Student
High school equivalency for foreign students, 122
Student seminar in Virginia, 454
Subcommittee
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35
Substances
Purest substances on earth, 346
Subtraction
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Survey
National public health survey on radiation exposure, 42
Survey results of use of x rays in healing arts specialties in North Dakota, 1964–1968, 161
Syllabus
Radiation therapy technology syllabus for one-year program, 401
Symposia
Symposia, 354
Symposia program—1971, 428
Systems
New horizons in technical and educational systems of radiologic technology, 83
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1
Teaching
Teaching aid: practical method of demonstrating intensifying screen response, 325
Technical
New horizons in technical and educational systems of radiologic technology, 83
Technical notes, 98, 269, 346, 417
Technique
Formulating x-ray techniques (Cahoon), *rev.*, 375

Infrared thermography: review of current medical application instrumentation and technique, 233
Split film technique using automatic film changer, 80
Technique for radiographic localization of nonpalpable breast tumors, 155

Technologist
Audited financial statement American society of radiologic technologists fiscal year, 1969–1970, 356
Change and advancement for radiologic technologist: importance of being earnest, 133
Changing patterns in training of radiologic technologists: case report, 392
Dayton hosts institute for radiologic technologists, 437
Directory of registered technologists, 55
New opportunities for radiologic technologists: physician's assistant in radiology, 8
Position of American society of radiologic technologists on standards of training and regulation, 213
Preliminary program of forty-third annual meeting of American society of radiologic technologists, 441
Problems in socioeconomics for radiologic technologists: panel discussion, 144
Report of senior technologist trustee, American registry of radiologic technologists, 210
Technologist Lange elected registry president, 122
Technologist's helper?, 269
Technologists on ANSI committee N44, 110
Technologists win tough exhibit competition, 214
Where nuclear medicine technologists come from, 304
X-ray technologists in good standing, 122

Technology
AMA approval of nuclear medicine technology schools, 217
Instructional technology: a study, 274
New horizons in technical and educational systems of radiologic technology, 83
Proposed national conference on junior college affiliated educational programs in radiologic technology, 266
Radiation therapy technology syllabus for one-year program, 401
Report of conference on college-affiliated educational programs in radiologic technology, 423
Report of joint review committee on education in radiologic technology, 202

Television
Television stars to aid recruitment, 38

Tennessee
Tennessee society, 452

Thalidomide
Tomography and thalidomide, 418

Therapists
Inhalation therapists question value of licensure, 41

Therapy
Approved therapy training requirement begins July 1, 1974, 461
Introduction to electron beam therapy, 138
Nuclear medicine and therapy examinations to be semi-annual, 461
Radiation therapy technology syllabus for one-year program, 401

Thermography
Infrared thermography: review of current medical application instrumentation and technique, 233

Thermoluminescence
Thermoluminescence; better way to monitor radiation exposure, 259

Throat
Lump in the throat, 347

Tomography
Tomography and thalidomide, 418

Training
Approved therapy training requirement begins July 1, 1974, 461
Changing patterns in training of radiologic technologists: case report, 392
Military training must be documented, 385
Position of American society of radiologic technologists on standards of training and regulation, 213

Transcripts
College transcripts required, 122

Trend
RSNA exhibits indicate future trends, 363

Trustee
Denny appointed registry trustee by ASRT board of directors, 437
Report of senior technologist trustee, American registry of radiologic technologists, 210

Tubes
Cold cathode gas tubes for education, 100

Tumors
Technique for radiographic localization of nonpalpable breast tumors, 155

TV
TV and x rays, 347

Ultrasound
Postgraduate course in diagnostic ultrasound, 430

University
X-ray seminars at Oregon State university, 281

Vascular
Photographic subtraction and color addition to enhance cut film, 35 mm. slides and 16 mm. cine studies of vascular systems, 1

Veterinary
NCRP recommends radiation standards for veterinary use, 183

Virginia
Student seminar in Virginia, 454

Washington
Washington dateline, 34, 103, 181, 277, 352, 419

XUM

Welfare
Statement of Richard A. Olden before the subcommittee on health, committee on labor and public welfare, United States senate, May 20, 1970, 35

West Virginia
West Virginia society, 52

Wilson
Wilson wins president post; Koenig president-elect, 38

Wisconsin
Wisconsin society presents basic management seminar, 215

World
Choice we face in changing world, 101

X-ray
Survey results of use of x rays in healing arts specialties in North Dakota, 1964–1968, 161
TV and x rays, 347
X-ray seminars at Oregon State university, 281

XUM
